Denial Effective Assistance Of Counsel

FACTS: After my arrest I was appointed counsel Branden Twibell on 03/23/2016 following my indictment from 12/2015 for the present case. With charges of conspiracy to distribute methamphetamine, and possession of a controlled substance. Detoxing off drugs hoping for a speedy resolution, and wanting to hurry and put this far behind me. I greatly expressed the need of pleading hoping for a favorable plea and a light sentence. I initally agreed to accept responsibility and cooperate with the investigation of my case in regards to my guilt. During my stay in the county jail Mr. Twibell only accepted letters from me, no phone calls and only 2-3 brief visits in reagrds to my case. During those brief visits I asked my attorney could I review the discovery, and have the drugs weighed that was found in my possesion, believing the purity was less than 50%. I believe with a speedy resolution in the case I would benefit from the fast track program, a reduction of up to four sentencing point reduction, giving me a sentencing range less than the mandatory minium of 120 months. I expressed toMr. Twibell that I was questioning the conspiracy charge, I asked him how could I be guilty of such a charge. My codefendants and I had a agreement but it was brief not to further distribute methamphetamines. I was a minor participant, unaware of all the drugs that is alleged in this case. I benefited from about 2% of the proceeds. Also having v ery little knowledge of any drug deals that was made outside of my guilt. I believe if my attorney would of weighed the drugs that was in my possesion and the purity as well, the government would have seen this was simply for personal use. My role was minor from the beginning to the end. My attorney never investigated the facts of the case, charges or spoke with my codefendants in regards to my cupability of the crime. I was in hopes of getting a favorable plea. But instead the plea I received was no benefit to me. If I had taken the case to trial I still faced the same mandatory 120 months. But I had a high successful chance of not

being convicted of conspiracy. I may have pleaded to a lesser offense such as the possesion charge and faced a lighter sentence. During the Presentence Investigation, I found some eroors and concerns that I brought to my attorney attention. My criminal history points, I was given 3 criminial history points for 1 case that involved a misdeamenor and being on un supervised probation. I never served over 15 days in jail, the instant case is the far most serious crime of which I've ever been convicted. Therefore I feel my criminial history was overstated, and on the sentencing chart I was a three and a category of two would of been more appropriate, being on unsupervised probation for a non violent charge this would of benefited me greatly. At my sentencing hearing my attorney was aware of my mental state, from debilatating and physical pain. Having my body burned over 50% leaving me with scars. These scars and this pain has affected my self esteem, and I suffer from depression. I have lived a lifestyle of drugs from the pain I endure. Leaving home at the age of 12 years old and learning how to survive in the streets. I have given up a daughter for adoption due to my unstability and psychosocial disorder. Based on the sentencing factors I believe I qualify for a downward departure.
